Message By the Department Head:

Welcome to the Department of Commerce, which stands as a colossal, both in terms of quality and strength. The department comprises of two UG sections and a PG course. Incepted in the year 1999 with a meager number of students, today it stands tall with 450 students and 12 faculty members. Over the years, the department has created a strong remark in academics which is reflected through our university ranks. The department strives to groom the students to face the competitive world with full confidence and zeal. Our faculty members take a parental care in shaping each student to become an ideal person by inculcating the ethics, values, discipline and culture. We have kept our promises so far and will continue the same in future too.

Message By the Department Head:

Interior design explores and incorporates modern design ideas in the interiors. It facilitates the students to understand and experiment the spatial arrangement in the residences. The curriculum develops students to explore themselves in workplace. Each subject is designed in a manner to improve the overall knowledge and skills of the students. Assignments and seminars are part of the course design. Demo classes and workshops are organized to gain practical knowledge and to enhance hands on training especially in model making, AutoCAD and furnishings in interiors. Regular practical classes are conducted for the students in all the subjects undertaken which enriches their knowledge and skills.

“Creativity is allowing you to make mistakes. Design is knowing which ones to keep.” – Scott Adams

Message By the Department Head:

Students, the pillars of the society groom themselves intellectually by pursuing various courses through which the quench of knowledge is attained by working consistently for it. Psychology is one such knowledge based course which is application oriented and plays a key role in the current scenario. The need for the subject is catching fire and grooms any individual pursuing it with sincere efforts and passion. I believe that such a subject would be an eye opener for self enhancement & effectiveness and from there facilitates to transform, guide, motivate and transcend others for betterment. I am wishing good for all the students who are taking up this course and I am sure that if they learn with great interest they would reach great heights.

Message By The Department Head:

'Sociology is the Queen of the Sciences', famously said the founding father Auguste Comte. Studying Sociology provides the student with a wide body of knowledge that will equip her to be a sensitive thinker, a savvy analyst, a change maker; making the most of technology in analyzing social problems, offering solutions and perspectives in shaping policies and implementing the same. Sociology, as an interdisciplinary and application oriented subject when properly utilized enables a greater degree of success in gaining employment and making life more meaningful.

RULES GOVERNING ADMISSION

1. Applications from eligible candidates should be made in the prescribed form only.
2. Separate applications must be submitted for each course/shift.
3. Each application form has a serial number which should be quoted as a reference.
4. The applicants must read the instructions carefully and make sure that they are eligible for the course they are applying as per the University norms.
5. Applications form will be issued in the name of the candidate seeking admission and it is not transferable.
6. Candidates and their parents shall be solely responsible for the declaration made in the application form. If, at any time, it is found that the particulars given are incorrect/inaccurate/incomplete, the admission will be forfeited.
7. Candidates must fill the applications legibly in their own handwriting.
8. Filled-in application should be submitted at the College office immediately after publication of the results of the qualifying examination.
9. Applicants from other states/boards, where the results are announced late, can send their filled forms within the stipulated date except the result column and they should submit their marks within a week after the publication of the result.
10. A parent/guardian must accompany the candidate at the time of interview and admission.
11. Selected candidates have to produce their documents as demanded by the college authorities.
12. Selected candidates from other states/countries have to get Migration Certificate and Eligibility Certificate from the University of Madras and submit to the office.
13. Selected candidates are advised to keep additional photo copies of their certificates, as the originals will be retained at the college office, which will be returned to the candidates only on the completion of the course.
14. If the candidate admitted is absent for five or more days continuously her name will be struck off from the rolls.
15. Candidates proficient in sports or other curriculum activities at the State/National level will be given preference in admission.

INFORMATION TO PARENTS

The college authorities have, as their goals, high standards of academic efficiency and discipline. **Regular attendance in class, laboratory work and tests is a must.** Tests are held periodically and the progress of the students is carefully monitored. Parents must co-operate with the college authorities in enforcing rules of academic, conduct and discipline and must assure the authorities that they take responsibilities for the proper behaviour of their ward. Failure to respond to our communications will be deemed to be non-cooperation by parents and disciplinary action will be taken by the Principal. Parents shall meet the class-in-charge and Head of the Department in Parents-Teachers Meeting held twice in a year or whenever they are called by the college authorities.
