

## Sports

*“Sports build good habits, confidence, and discipline.*

*They make players into community leaders and teach them how to strive for a goal, handle mistakes, and cherish growth opportunities” by Julie Foudy*

Sport is a refreshing act for both the body and mind. The glory of sports comes from dedication, determination and desire. Having known this glory, our students had toiled to bring laurels to their temple of learning. To enhance their confidence level and to build up their skills, our sports girls have participated in various games and tournaments to showcase their talents. The students are provided with excellent coaching by well experienced coaches.
